Easter Message from Fr. Shalla: Many of the most important and wonderful works of God take place in silence. We see this most eloquently happening in nature. In the autumn the world silently sheds itself of the summer's growth and silently sleeps, stripped of the signs of life. In the spring it silently clothes itself once again with new life. Similarly, amongst all living animals, the various changes which mark our lives happen in the passing silence of the years. From youth to old age, from strength to infirmity, we pass through our time in this world gradually and silently

It was also in the silence in the darkness of the early hours of the morning that God brought about the greatest event of human history. The only Son of God, Jesus, crucified for our sins only days before, rose in radiant splendour from the sleep of death. In rising He destroyed our death and gained for His faithful disciples a share in eternal life.

As we begin the 50 days of the celebration of Easter, let us take some time in silence to meditate on the wondrous manner in which God acts in our world and in our lives. Let us especially reflect on the gift of eternal life which is set before us in the victory of Jesus and resolve to live amidst the silent changes of life to always remain faithful to Him.

Fr. Shalla, Parish Administrator
